

Dear parents and carers,

Ethics classes are weekly discussion-based lessons for students from Kindergarten up, exploring topics like how do we work out what's fair, is it ever okay to lie, is it wrong to brag, and how to make good decisions. Students learn to listen closely, think about the reasons behind different opinions and share their views respectfully.

Ethics lessons are led by trained volunteers, often parents or grandparents - without volunteers your children won't have the option of ethics classes.

Find out more in our regular one-hour online sessions:

- See what an ethics class looks like in action
- Hear from current volunteer ethics teachers
- Learn about our free volunteer training and support.

Choose a session and register here:
